

Ahad Haam 84 event –
Sons greeting - 28.12.2012

Dear Guests,

After the thanks & the greetings for all the service providers, I want, on behalf of the sons, daughters in law & the grandsons, to thank our parents for many decades of investment of hard work and many thoughts in order to maintain and develop the building, while during the recent years you have been initiating, organizing and supervising on the renovation project that it's impressive results are shown to all of us.

For us, the sons, Ahad Haam, is still mainly connected to special fun days with Grandmother & Grandfather, that usually used to take us to the traditional fun center "Ashalom Kolbo".

We all wish that also in the new model, the building will be a basis for cooperation and friendship between the neighbors and, mainly, will keep the good memories that have been accumulated during the years.

We have prepared for you, our parents, a small gift , that first of all expresses our thanks and appreciation, bur also, will be a special memory for the founders generation.

This special event allows us to look back proudly while looking forward, with expectations for the coming challenges.

With Love,

All of us!

Nir Gur, Yuval Gur, Ron Davidson, Benny Davidson
